# ATRINA MEDICAL PILLOW

ORGANIC  
CHERRY  
STONES

**THERMOTHERAPY**

• HEAT IN THE MICROWAVE

• COOL IN THE FREEZER

%100  
**NATURAL**

## **ATRIN MEDICAL PILLOW**

ATRIN MEDICAL PILLOW is completely filled with organic cherry stones (Cerasus) that they have been carefully selected, washed and dried in mechanized manner .Then, cherry stones enter to processing stage and by doing several special stages cherry stones have the unique ability to retain and slowly release heat or stay cold for a long time. The pure cotton material is specially woven for the ATRIN MEDICAL PILLOW as well. You will be able to use the ATRIN MEDICAL PILLOW with each microwave & freezer.

## **THERMOTHERAPY**

ATRIN MEDICAL PILLOW gives out a long lasting penetrating heat that quickly eases any point of discomfort :muscle cramp, joint pain, arthritis, neck tension, stomach cramp, backache, headache, menstrual discomfort. It is warming the bed as an excellent cuddly comforter at cold and lonely nights and can be used to warm hands & feet as well. It is just like a hot water bottle without the dangers of scalding. ATRIN MEDICAL PILLOW will not cool to below the temperature of its surroundings, So it would not ever feel cold and clammy. It is ideal for children and the elderly.

## **COLD COMPRESS**

ATRIN MEDICAL PILLOW reacts equally well to lower temperature. When wrapped in a plastic bag to keep it dry and left in the freezer for a while, ATRIN MEDICAL PILLOW becomes a perfect cold compress for sports injuries, bumps, swelling, bite insects, fever ,and puffy eyes.

## **AROMATHERAPY**

As ATRIN MEDICAL PILLOW is washable, it's ideal for Aromatherapists.Although Heat cherry stones have a wonderfully pleasant mild cherry aroma, You can Add a few drops of essential oil ( a few drops of lavender for relaxation or a few drops of eucalyptus to ease a head cold) and experience the benefits of applied heat technology.

## OTHER UNIQUE FEATURES

**WASHABLE:** This is where the ATRIN MEDICAL PILLOW really scores over any other natural fill pillows. Other products are filled with wheat, rice and therefore not washable. There is no cover to remove, Just place the ATRIN MEDICAL PILLOW inside a pillow case (just for added safety) and wash in the washing machine at 40°C, Then dry it in the tumble drier. You can sprinkle a few drops of aromatherapy oil on them and when you would like to change odour, pop the whole thing in the washing machine. Have a lavender pillow one day then wash the fragrance out and try eucalyptus the next and ... .

**LONG HEAT:** Cherry Stones are bigger than wheat grain, rice or oil seed grain found in other natural fill pillows. It helps the cherry stones in ATRIN MEDICAL PILLOW to stay warmer than many other similar products.

**DUST FREE:** All the other natural fill pillows emit quite high dust levels. The more they are used, the more the fill breaks down and the small dust particles become airborne, irritating sinus sufferers and others with allergies. Not so with ATRIN MEDICAL PILLOW as the stones are very robust and do not degrade, hence No dust.

## NOTE

*ATRIN MEDICAL PILLOW be recommended by: Rheumatologists, Orthopedists, Physical therapist, Aromatherapists , Beauty therapists, Acupuncturists ,and Physiotherapists.They can be used by Nurses and Masseurs to help relax patients' muscles and moods.*

## **ATRIN MEDICAL PILLOW** | **MODEL: CLASSIC**

A really useful size for almost anywhere. A nice pillow sized bag with many advantages from the ankle to the neck and just about anywhere in between. It is just the right size and shape to cuddle as well. After an exhausting day at work, It is nice to take a couple of these, warm them up and just play with them in your hands. It is a great way to achieve relax.

## **ATRIN MEDICAL PILLOW** | **MODEL: HELICAL**

Longer than the typical pillow, helical pillow is ideal for around the neck or across the shoulders with four-section design. It is just at

## SOME OF THE DISADVANTAGES OF SIMILARLY PILLOWS

**Wheat Pillows:** There is a danger of fires and explosions from the small wheat grains drying out. Another setback is if wheat gets too moist, it will start to rot or broadcasting Pathogenic particles.

**Rice Pillows:** There is a danger of fires and making stench and also broadcasting allergen particles.

**Electric Heating Pads:** According to their electrical, Cords and electrical outlets can pose fire hazards.

**Hydrocolloid Hot Packs:** they Must be immersed in a hot water bath and to warm up, they need a lot of time.

**Warm Water Bag:** They need boiling water to fill the bag and there is the danger of fires or opening the bag. additionally due to plastic water bags, warm water bag becomes annoying after cooling.
